

What we'll cover today

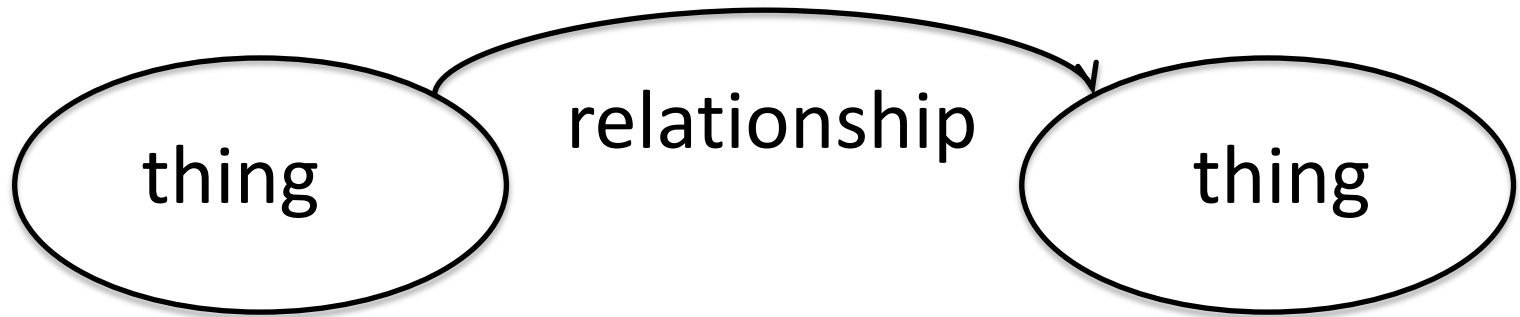

<http://kcoyle.net/presentations/links/>

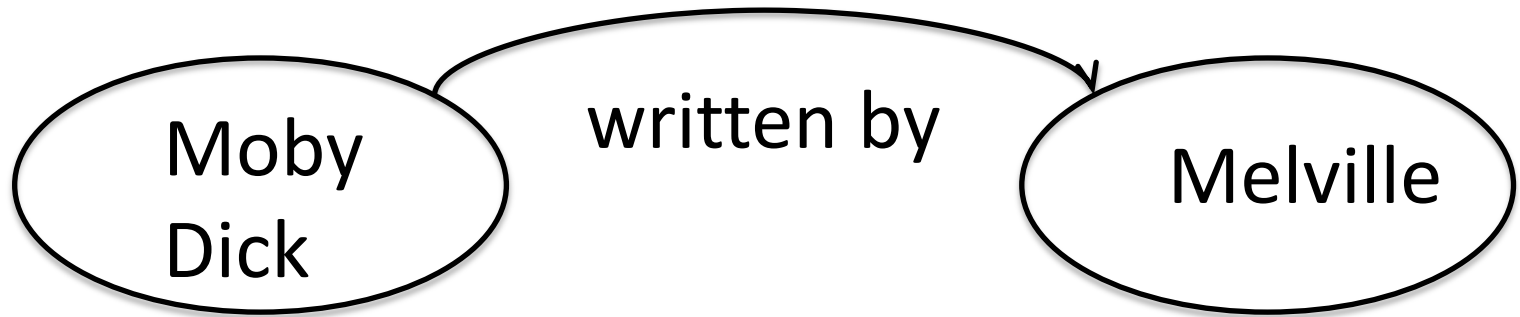

- one short intro to linked data
- our 'new bibliographic framework' options, in linked data terms
- some tools, and ways to discover others

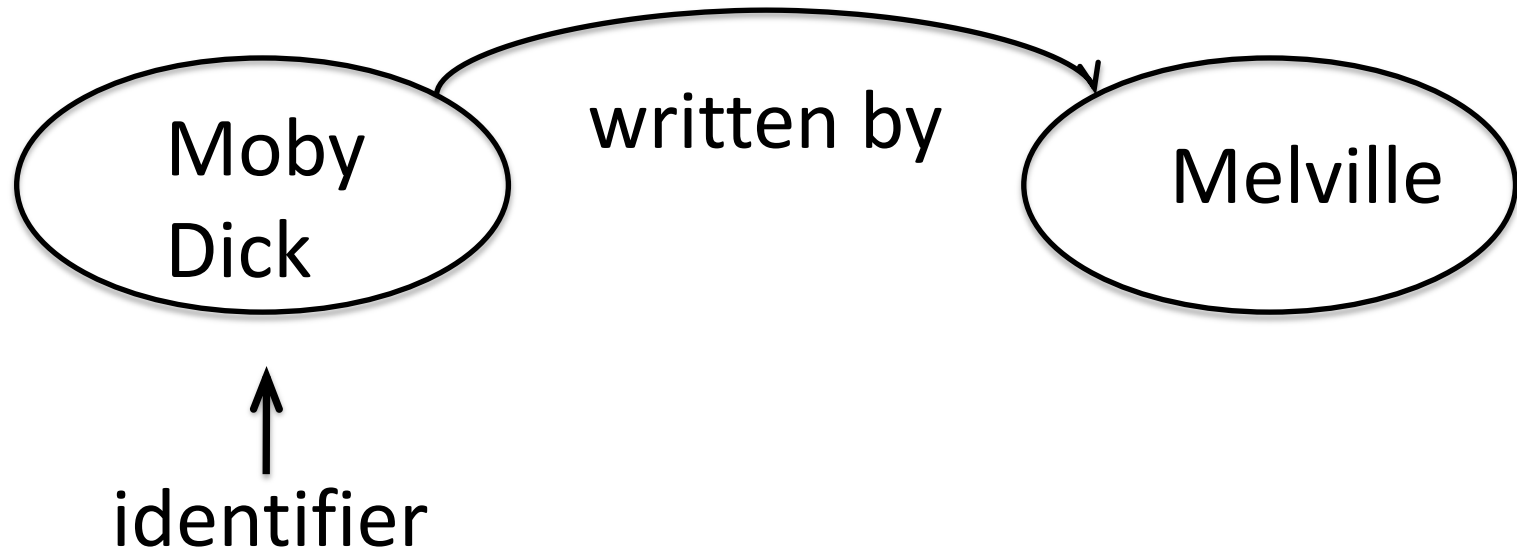

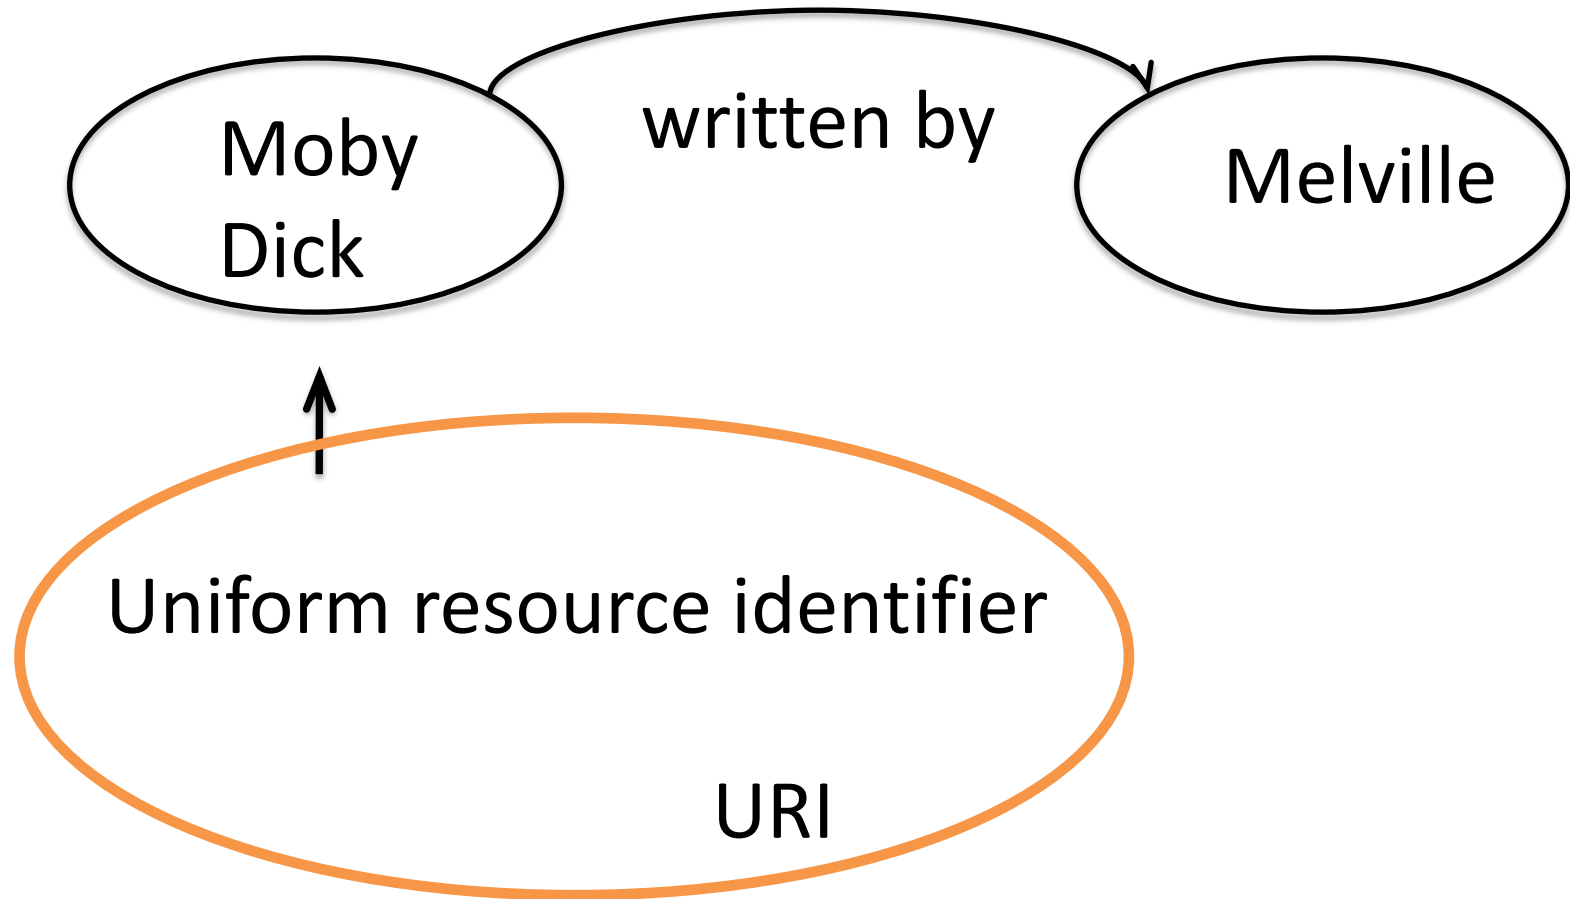

Things and Strings

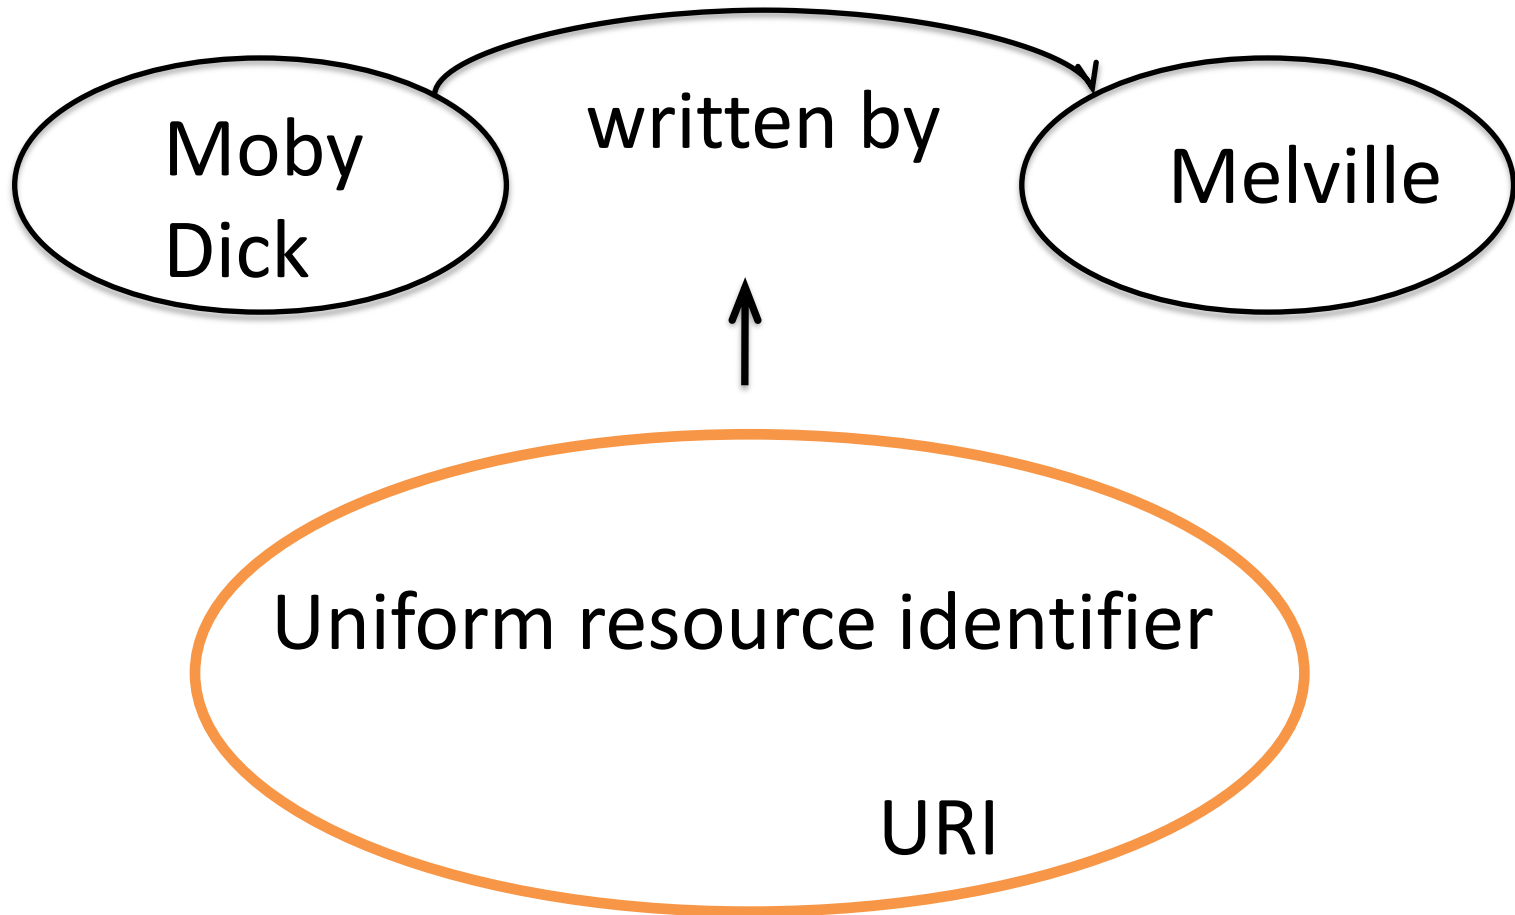

Semantic Web Basics

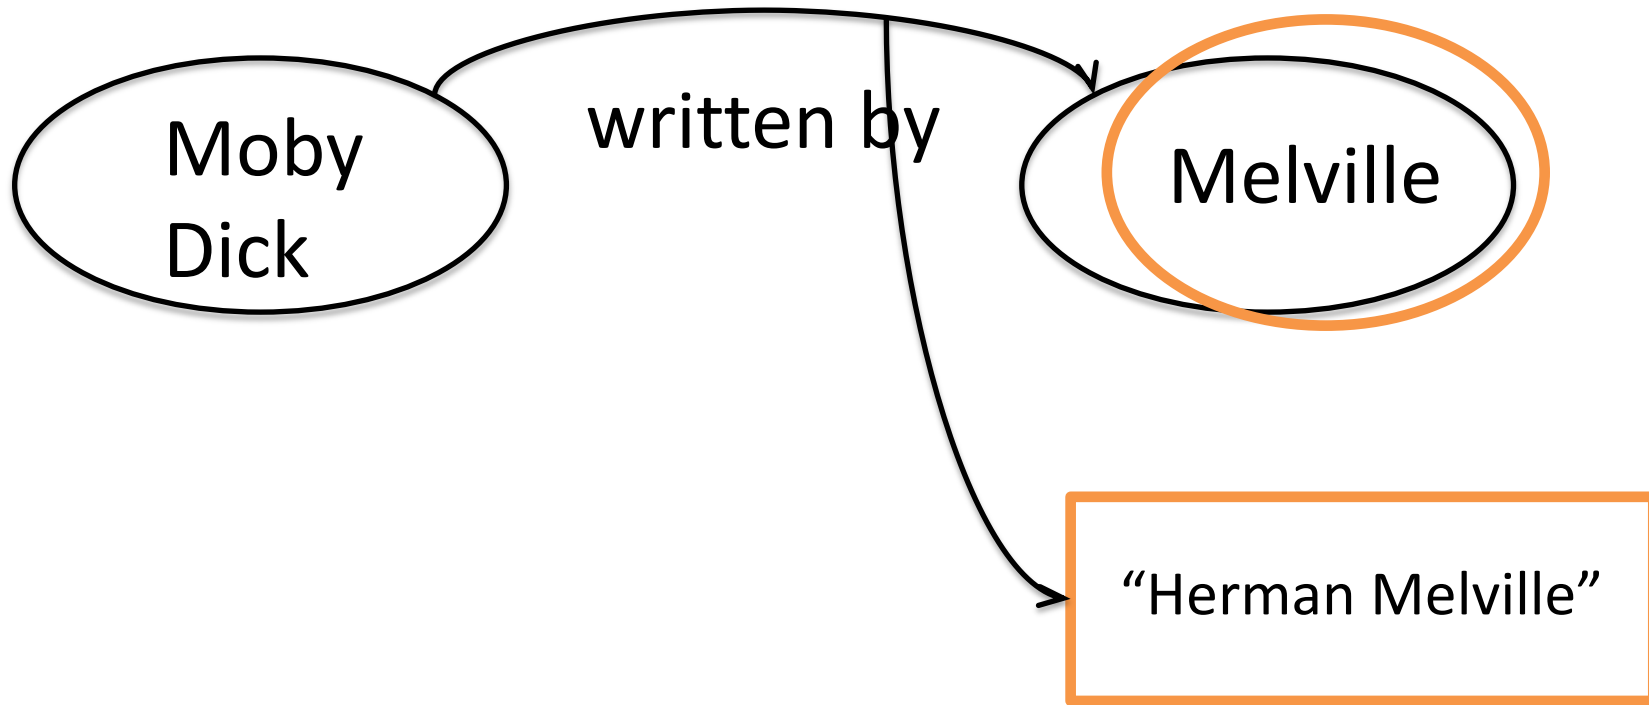

The diagram consists of three orange ovals. The top-left oval contains the text 'http://www.worldcat.org/oclc/474017053'. The top-right oval contains 'http://viaf.org/viaf/27068555'. The bottom oval, positioned between the other two, contains 'http://purl.org/dc/terms/creator'. A large blue arrow points upwards from the text 'WorldCat URI for book "Moby Dick"' at the bottom towards the top-left oval. A curved black arrow points from the bottom oval to the top-left oval. Another curved black arrow points from the bottom oval to the top-right oval.

<http://www.worldcat.org/oclc/474017053>

<http://viaf.org/viaf/27068555>

<http://purl.org/dc/terms/creator>

WorldCat URI for book “Moby Dick”

<http://www.worldcat.org/oclc/474017053>

<http://viaf.org/viaf/27068555>

<http://purl.org/dc/terms/creator>

Dublin Core URI for element “creator”

<http://www.worldcat.org/oclc/474017053>

<http://viaf.org/viaf/27068555>

<http://purl.org/dc/terms/creator>

VIAF URI for person “Herman Melville”

The diagram illustrates the relationship between three URIs. At the top left is the WorldCat URI: <http://www.worldcat.org/oclc/474017053>. At the top right is the VIAF URI: <http://viaf.org/viaf/27068555>. In the center is the PURL URI: <http://purl.org/dc/terms/creator>. A curved arrow points from the WorldCat URI to the PURL URI. Another curved arrow points from the PURL URI to the VIAF URI. A large blue arrow points upwards from the text 'VIAF URI for person “Herman Melville”' to the VIAF URI.
